THE NEW CITY HALL.

The Architects Chosen at Last Night's Special Meeting.

A special meeting of the board of aldermen was held to further consider the plans submitted by architects for the new city hall building, market house and auditorium.

After carefully considering the matter, Messrs. Hayden, Wheeler & Schwend were chosen as architects for the new structure. The plans as submitted by them were elaborate, and very complete for a combination building, which the board of aldermen has determined to build.

The special committee on market house and city hall were authorized to [illegible] house named firm, which has been done, and the matter will now await the sale of the bonds and the letting of the building contract. The building as designed will be a handsome one, and the auditorium will have seating capacity for over 1,200 people.

LONDON TAKES IT BADLY.

British Loss More Severe Than Was Expected

AFTER CHAMBERLAIN'S SCALP

All Scotland is Mourning At The Loss of the Highlanders—Signs of Internal Troubles.

By Cable to the Telegram

London, Dec. 14—The report received at the war office gives the total number killed, wounded and missing from the army [illegible] engagement Sunday and Monday at Modder River as 817. There were 650 casualties among non-commissioned officers and men at Magersfontein alone. A highland brigade, which lost ten officers killed, had thirty-eight wounded and four are missing.

The almost endless list of casualties began arriving at noon today and the vicinity of the war office is crowded. There are many affecting incidents. The British reverse was more severe than any one expected and as General Methuen had only a week's provisions there is danger of isolation. London is taking the defeat badly. The newspapers are filled with letters demanding the war office scalp.

SCOTLAND MOURNS.

Glasgow, Dec. 14—All Scotland is in mourning as a result of the great losses of the Highlanders at Modder River. The bulletin boards are all surrounded by crowds.

CHAMBERLAIN'S ERROR.

London, Dec. 14—There are slight signs of the public getting ready to make Chamberlain the scape goat of plunging the country into war prematurely.

BOER STRATEGY.

London, Dec. 14—Later reports from Modder River show that this was the worst ambush the Boers have yet lured the British into. Before the first shot was fired the Boers had let the Highlanders charge past the first trench and opened fire on them as they were marching still in close order. Then two lines of death opened an awful rifle fire. Balloon, cavalry, and reconnoissance had all failed to uncover the trap.

AN IMPROBABLE STORY.

London, Dec. 14—A Peitermartsberg special says that Buller and Cleary have entered Ladysmith, joined forces with White and captured 10,000 Boers. On the stock exchange this afternoon mines suddenly jumped up one pound as a result of rumors that Cleary had entered Ladysmith and that Buller had captured 3,000 Boers. The war office has heard nothing of the story and do not credit it as they say that relief for the place at such an an early day is believed to be practically impossible.

Shaky in Boston.

By Wire to the Telegram.

Boston, Dec. 14—At the beginning of business this morning there was a rumor current intimating possible trouble with the Globe National. A sharp decline, not only in mining but similar shares in which President Cote is interested, also those which Bigelow, director of the Globe National and president of the Boston and Montana, added uneasiness. The latter dropped twenty-five dollars.

Fittingly Observed.

By Wire to The Telegram

New York, N. Y. December 14—The centennial anniversary of Washington's death was fittingly observed by the patriotic organizations and public schools at St. Paul's Chapel, where Washington worshipped. The building was handsomely decorated. Washington's pew was particularly elegantly decorated. Flags were at half mast throughout the city.

The January Interest.

By Wire to The Telegram.

Washington, Dec. 4—Secretary Gage announced this morning that the payment of the January interest will be anticipated in the disbursements which will begin as soon as the checks are written or the coupons are presented. This will disburse $5,500,000.

Captured an Outfit.

By Cable to The Telegram.

Manila, Dec. 14—Maj Morton continues reconnoitering near Braenabato, where Col. Hayes yesterday captured ten rifles and thirty thousand pounds of rice, uniforms and tools and materials for the manufacture of explosives.

The Markets Today.

By Wire to The Telegram.

New York, Dec. 14—More liquidation this morning caused a disturbance on the stock market, but later heavy buying in London caused a recovery, so that at noon the market was stronger in tone with prices advanced.

Hay Sails.

New York, Dec. 13—Adelbert S. Hay, son of the secretary of state, and the newly-appointed United States consul at Pretoria, sailed today on the American Line steamer St. Louis.

We are selling four lines of men's winter weight tan shoes that are hard to beat, priced $3.50, $3 00, $2.25 and $2.00. All sizes from 5 to 11, and its a mighty fastidious customer we can't please and fit in these four lines.

Glad to see B. S. Phillips, of Greensboro, at the depot last night. He was on his way to Charlotte, where he has accepted a position with the Observer job department.

W. B Steele received a shipment of 100 live quail last night. They will be turned loose on Mr. Gould's game preserves in this surrounding neighborhood. This makes over five hundred live birds Mr. Steele has secured for Mr. Gould.

We have $2,000,000 worth of property in High Point without any fire protection, and are paying $10,000 per year insurance on this property. Water works would reduce the same to $9,000 or $1,000 less. This alone should convince you that we ought to have a system of water works here by all means, to say nothing of the other items of necessity it would ensure.

Miss Elizabeth Dowd became Mrs Henri C. Turner this morning about 11 o'clock. The ceremony was performed in the Presbyterian church by Rev. Geo. H. Crowell, superintendent of High Point Graded Schools. Miss Annie Pleasants, of Greensboro, presided at the organ. They left on the 11:38 train for Mt. Sterling, Ky., where they will spend part of their honey moon. Their many friends wish them a happy and prosperous life.

Mr. Cox, of Asheboro and Miss Collins, of Randleman, were married at the home of the the bride yesterday afternoon at 4 o'clock. Rev. Gregerson of the M. E. church officiated. They passed through here last night enroute to Jacksonville, Fla., where they will remain through the winter. The bride's sister came up with the bridal party, and remained over night in this city. Their friends will all join us in wishing them a long and happy life.

NEW EATING HOUSE.

Will be the Finest South of Washington, D. C.

We take the following from Mr. Avery's correspondence.

Mr Charles C. Hook, the Charlotte architect, informs me that the new railroad eating house to be erected at this place and run by Saunders & Graham will be the largest and most complete thing of its kind south of Washington. It will be built of Washington pressed brick and Mt Airy granite. The ceiling will be of stamped steel, with heavy drop beams studded with electric lights. It will be painted in ivory white and gold. The end of the house facing the railroad will have one plate glass fourteen feet square. The interior of the rooms will be of polished oak handsomely paneled and carved. There will be a recreation room, fitted with leather chairs, writing tables and an open fireplace large enough to hold a log five feet square.

Mr. Hook also informs me, by the way, that a contract has just been made for a new building on the campus at Trinity college, Durham. This will be for the instructors' quarters, and will be commodious and handsome.

West's Prediction.

Mr. James H. West remarked today that the county commissioners rewarded his 27 years of loyalty to the democratic party by taking away from him his bill posting rights on the county's property and giving them to another man.

In further conversation Mr. West predicted overwhelming defeat for the democrats next year and says the constitutional amendment, which he declares is unconstitutional, will also be defeated.

Train Fired Into.

Last night, shortly after No 34, the train on the Charlotte, Columbia & Augusta that arrives here at 9:10 p. m. left Rock Hill, some one fired a pistol into one of the passenger coaches. The ball shattered the glass of two windows—the one it entered, and the one it passed out through. If the men who were in the seats had been sitting up, one of them would have been killed, but as it was both were asleep, and were lying down.—Charlotte Observer.

The executive committee in charge of arrangements for the proposed national anti-trust conference at Chicago, last night issued an address calling the conference to meet in that city on the anniversary of the birthday of Abraham Lincoln, February 13, 1900.

WHACK AT OFFICE HOLDERS.

Southern Delegates to National Conventions.

BUT THE CHANGE IS DOUBTFUL

The Meeting Will be Held Tomorrow at Arlington Hotel—McKinley Will Renominate Ewart.

Special to the Telegram.

Washington, Dec. 14—The national [illegible] committee [illegible] meeting [illegible] tant to the southern republicans of any meeting of the national committee held for many years. Strong efforts have been made and are still being made to deprive the southern states, returning democratic majorities in presidential and congressional elections, of the representation they now enjoy. To unprejudiced minds there is much in the plan to commend it, as it would deprive states which do not contribute to the election of a republican president and congress from forcing nominations upon the party. At present, under the system in vogue in the republican national convention, the majority of delegates came from states which do not and never can cast an electoral vote to the republican party in a presidential election. The delegates to the national republican convention from the south, as a rule, are office holders, selected at the dictation of the national administration, and who have but little sympathy with the true southern spirit politically. It is doubtful, however, if the national committee makes the change proposed by Mr. Payne and other western and eastern members of the national committee. It is doubtful if a majority of the committee will vote to adopt the plan proposed. The southern members of the national committee are almost to a man, so far as known, opposed to the reduction in the representation of the southern states, as they might naturally be expected to be. In their opposition they will have the support of many national committeemen from the west and New England states.

The members of the committee are all in the city and the meetings will begin tomorrow at the Arlington Hotel, and will continue until Saturday. Several cities will send committees for the purpose of booming their respective towns for the national convention. New York, Philadelphia and Chicago, are working hard for the next republican convention, and there seems to be no doubt but Chicago will get it. Philadelphia is especially working hard, and she has the benefit of the influence of such men as Ex-Senator Quay, Senator Penrose, Governor Stone and the entire congressional delegation from the Keystone state. The Quay men are working shoulder to shoulder with the anti-Quay men for the Quaker city, but the odds are against Philadelphia, as the eastern national committeemen are divided between that city and New York. The latter city has a strong delegation here, which arrived Wednesday evening. Senator Platt and Senator Depew will speak in behalf of the claims of the big metropolis. Chicago is generally conceded to be the best city for convention purposes, and there is feeling that it should be held nearer the center of the United States, than would be the case if New York or Philadelphia should get the honor of entertaining the delegates. The same reasons which have been urged against San Francisco as a convention city can with equal force be urged against the two eastern cities which are contending for the convention.

It is thought that the national committee will select June 12th as the opening day of the next national republican convention.

Most of the members who are in the city seem favorable to that date. If June 12th is selected, it is the belief that the democratic national convention will be held two weeks later, June 26th. The national republican committee will not get down to the work of selecting the convention city before Saturday afternoon. Tomorrow will be spent in preliminary work.

President McKinley, it is announced on good authority, has decided definitely to renominate Judge Ewart. It is possible that the nomination will be sent to the senate before the end of the present week. The sending of the nomination to the senate will re-open the contest against confirmation, but it is said by Ewart's supporters that he will be confirmed at this session of the senate.

Several eastern democrats, mostly from New York state, will vote with the republicans for the passage of the currency bill. It is said that the entire delegation from Brooklyn will vote for the measure. Night sessions for debate only were inaugurated by the house last night, and will be held also tonight, and tomorrow night.

JAPANESE MANNERS, ETC.

Miss Forrest at the M. P. Church Last Night.

Last night quite a crowd was at the Grace M. P. church to hear Miss Forrest. Her address was mostly to children, but was very interesting to all. She donned her Japanese costume and told her hearers it was lapped from left to right while one lived, but in the opposite direction when one died. The boys and girls dress alike in Japan. The Japs punish severely for disobedience, burning the hand or some part of the body of their children when they disobey. They carry their courtesy to such an extreme that they would no [illegible] the world [illegible] shoes, [illegible] chop sticks, [illegible] little tea bowl, in which you received about two table spoonsful of tea, without cream or sugar. She also showed some of the gods. The goddess of mercy having forty hands and supposed to perform twenty-five acts of mercy with each hand. The god of money with his back bent under the weight of gold was very significant. The woman in Japan work for 5 cents a day. A pair of shoes can be bought there for half a cent. The Japs are anxious for christian teachers. There is only one missionary to every sixty thousand persons; while last year in America spent twenty-two million dollars for chewing gum. In Japan they have no Sunday.

Miss Forrest's own experience how the children with the little babes tied to their backs would flock to hear her tell of Jesus, and of him they would carry the news to mother, and what blessed results of her labors in this way was very touching. She sang in Japanese "What a friend we have in Jesus," that was very sweet and impressive.

If space permitted we would gladly give her entire lecture.

Miss Forrest organized a Foreign Missionary Society at the M. P. church. She will be there next Tuesday night at 7:30 o'clock to complete the organization of this society. All ladies wishing to join will please be present at this meeting.

"PREJUDICED REPORT."

The Prayer of Rev Mr. Jordan Concerning Raleigh People.

The following is taken from the Morning Post:

The Monroe Journal notes the strong indictment which the Rev. Mr. Jordan handed up to the Almighty against the people of Raleigh in a prayer in that city Sunday a week ago, and expresses the opinion that it is a "prejudiced report." Says the Journal:

"We had always supposed that a few righteous souls could at any time be found there. What has become of Dr. Thompson, one of our noble leaders and Sunday school superintendents, and the once pious Air. And there are a few wholly innocent and saintly persons temporarily restrained of their liberty in a certain institution in that town, who will at any time confidently tell you that they have never done a thing. Mr. Jordan will have to hustle for statistics to substantiate his reports."

Which moves the golden-rule chief magistrate of Statesville and its Landmark to add:

"And Father Worth, too; don't forget Father Worth. It is true that on one occasion some son of Belial stuck some railroad passes in the good Father's pockets and, his pocketbook having been lost and found with these passes in it caused the unrighteous to gibe, but the faithful knew that it was a put-up job. Like the Journal, we think Mr. Jordan's indictment is rather strong. While Raleigh is generally very rank when it comes to politics, we believe at least ten righteous men can be found there—righteous politically and religiously."

Yea, brethren, good people, with the poor, are ever present down here. And we have no doubt the Almighty, upon hearing the outpouring of the preacher referred to, was not only astonished at the wonderful discoveries made in a few hours' visit, and pained at his own ignorance of what was going on in so important a place as Raleigh. Pray for us, brethren, but let your prayers be tinctured with at least a mild but respectful suggestion that Raleigh may be spared the wholesale condemnation of those who can only scent sin in every breeze, and detect it in every movement and motive.

Left His Train at Raleigh.

It is reported here today that a flagman on one of the Southern's freight trains that had left Selma last night, had stolen fifty dollars from some one at that place, and that when he reached Raleigh he left his train and skipped out. The wires were getting hot and he thought his absence was better for him than his presence. We could not learn the flagman's name nor the name of the party who lost the money. Railroad people will not talk and what we hear is gathered from passengers who came in on the Norfolk Vestibule.—Durham Sun.

ANOTHER REASON.

We intimated in this column yesterday that we did not believe it was for the best interest of the democratic party that the state convention should be held in Raleigh every year. In further support of our position and belief, we copy the following from the editorial columns of the Charlotte Observer:

The Raleigh Post, referring to the fine showing that Greensboro made before the democratic state executive committee Monday night for the next democratic state convention, says "the movement simply means that Raleigh must provide a suitable, up-to-date auditorium for the comfortable use of large gatherings." Raleigh's trouble lies deeper than this, and another than the reason given is the real reason why Greensboro, with a little more effort, would have captured the convention. The state believes that Raleigh always cuts out the work of a convention before it assembles. At all events it is true that there are always a large number of persons there, running around among the delegates and telling them what they ought to do. The delegates have grown tired of this and if it is persisted in the democratic convention will surely be moved, notwithstanding that Raleigh is situated right, geographically, and that there are other reasons why the state capital is the proper assembling ace of such meetings.

The Boer victory as reported in our dispatches yesterday and today's morning papers is another evidence that the Lion's roar will not stop the Transvaal war. It is generally conceded that the Boers will finally be crushed by the stronger power, but it is being done at a terrible sacrifice of human life. Will the victory be worth the price?

NO SMALLPOX THERE.

President Hobbs, of Guilford College Writes a Note.

In view of the reports which have come to our ears in this city to the effect that smallpox had interfered with the school at Guilford College we copy the following note from President Hobbs to the Charlote Observer: To the editor of the Observer:

As the community about Guilford College is reported to have a few cases of smallpox, I think it is desirable that the public should know that the college is entirely free from the disease, and that the work is quietly going forward.

There is no case within a mile of the college, and the corporation on the 19th of last month quarantined against all persons from the localities in which it was believed to exist. No term in the history of the college has been so satisfactory as the one now drawing to a close; no sickness, at least no irregularity from any cause. A very high water-mark has been reached in all departments of our work, and the moral tone of the student body was never better.

L. L. Hobbs,
President.

Guilford College, N. C., Dec. 12.

"Sold."

The people tell of their great wrong,
With sad and "Dewey" eyes;
And the hero of Manila
Once lauded to the skies,
Has lost his laurels one and all,
They'll have no more of him;
With "Sampson's" strength they'll
crush him down,
With vigor and a vim,
That is worthy of a better cause,
Or a great deal blacker sin.
They say that all his greatness,
That reached for endless "Miles,"
Around the earth's circumference,
Has vanished like the smiles
Of summer, when succeeded by winter's roaring blast,
And they never will forgive him,
This hero of the mast.
No! they will not forgive him
As long as life shall last;
For the "Schley" insidous way he
took
To show he did not care
For the gift they thrust into his
hands;
And now they tear their hair,
And wished they hadn't done it;
[illegible]

Now please don't get impatient,
For these lines are but a sell,
Or rather, they're already sold;
Do you find a simile
Between them and the people?
If dull you chance to be,
Will say if I may be so bold,
And I think that you'll agree
That all the people are well sold—
And that's the simile.

BURNED TO DEATH.

Horrible Fate Overtakes Mr. Suttle, of Shelby.

The news reached Charlotte yesterday that Mr. Suttle, of Shelby, had met a horrible fate in South Carolina in being burned to death in a box car.

Mr. Suttle, it seems is engaged with Mr. Rush Oates on the construction of the new railroad in South Carolina. He was seen to enter the box car Sunday, thinking, it is supposed, that the car was going to Shelby. He must have fallen asleep while smoking and set the car on fire. The car was burned and the depot. A man's skull and bones were found in the ashes of the car.—Observer.

A Good Meeting.

Asheboro, N. C., Dec. 12—Our little church has again been greatly blessed. Rev. S. C. Todd and Rev. Roy Codding, a returned missionary from Africa, have been conducting services in the Presbyterian church for a week. The Holy Spirit was with them in great power throughout the service, and God permitted them to see some of the fruits of their labors in a contribution last night to foreign missions to the amount of over three hundred dollars, which was raised to nearly four hundred the following morning by amounts sent in. God be praised for the blessing received by the hearts of those who availed themselves of the opportunity of hearing these Spirit-filled men's teachings on the deep spiritual truths of the bible. X.

August Flower.

"It is a surprising fact," says Prof. Houton, "that in my travels in all parts of the world, for the last ten years, I have met more people having used Green's August Flower than any other remedy, for dyspepsia, deranged liver and stomach, and for constipation. I find for tourists and salesmen, or for persons filling office positions, where headaches and general bad feelings from irregular habits exist, that Green's August Flower is a grand remedy. It does not injure the system by frequent use, and is excellent for sour stomachs and indigestion Sample bottles free at Grissom & Fordham. Sold by dealers in all civilized countries.

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from death. In telling of it he says: "I was taken with typhoid fever that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it and now am well and strong. I can't say too much in its praise." This marvellous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular sizes 50 cents and $1.00. Trial bottles free at C. E. Holton's drug store; every bottle guaranteed.

The Poet Burns,

Not the least of the advantages attending life assurance is the serenity of mind which attends the provident man lying on a bed of sickness, or when he is in prospect of death—so unlike that painful anxiety for the future welfare of the family not provided for. The poet Burns, in writing to a friend a few days before his death, said that he was "still the victim of affliction. Alas! Clark, I begin to fear the worst. Burns' poor widow and a half a dozen of his dear little ones, helpless orphans; there, I am weak as a wo- [illegible] his fate of my disease."

A SURE CURE FOR CROUP.

Twenty-five Years' Constant Use Without a Failure.

The first indication of croup is hoarseness, and in a child subject to that disease it may be taken as a sure sign of the approach of an attack. Following this hoarseness is a peculiar rough cough. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croupy cough appears it will prevent the attack. It is used in many thousands of homes in this broad land and never disappoints the anxious mothers. We have yet to learn of a single instance in which it has not proved effectual. No other preparation can show such a record—twenty-five years' constant use without a failure. For sale by C. E. Holton, druggist.

Electric bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50 cents at C. E. Holton's drug store.

To love and be loved, is every woman's right. To be beautiful is impossible for some women. To be bright-eyed, clear skinned, red lipped, vivacious, attractive is the privilege of all.

Ill-health, pimply face, dull eyes, pale lips, hollow cheeks—these lock the door in Love's face. No man admires a sallow, backachey, headachey woman.

Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery' are beautifiers because they are health makers.

The "Favorite Prescription" is designed to correct distinctly feminine ailments. It is prescribed for girls about to become women and tide them over this dangerous period much of its discomfort. It is prescribed for women of all ages who are troubled with inflammation, irregularity, debilitating drains and other symptoms of derangement of the feminine organism. It is a general tonic for the whole system but when such a tonic is needed it is better to take the "Golden Medical Discovery" in connection with the "Favorite Prescription."

Dr. Pierce's Golden Medical Discovery is a medicine for men and children as well as women. It is a most wonderful blood purifier and flesh builder. It searches out and kills disease germs in the digestive system, blood and lungs and puts the whole body in a strong, healthy state.

Before purchasing medicine of any kind it will be well to write to Dr. R. V. Pierce, at Buffalo N. Y., stating your symptoms. He will diagnose your case and prescribe for you free of charge. It may be that you need both "Favorite Prescription" and "Golden Medical Discovery," or you may need only one. Possibly your case requires something entirely different. Whatever is needed Dr. Pierce will tell you without cost of cost to you.

SHOT FULL OF HOLES.

Big Fight Near Bethania-Result of Family Troubles.

Winston N. C., Dec. 13.—Samuel Hauser, Romulus Finch and Joseph Hauser got into a big fight near Bethania last evening, when Finch shot one of Sam Hauser's ears off. While the latter was gone after an officer Finch struck Joe Hauser with a stick, splitting one of his ears. Hauser then drew his pistol and when he stopped firing there were six holes in Finch, four in his body and two in one arm. One ball glanced and struck Sam Hauser's wife in the thigh. Finch cannot live. Joe Hauser skipped, but the officers expect to capture him. He recently returned from Porto Rico, where he served in the United States army. The fight was the result of family troubles. Finch is a brother of Mrs. Sam Hauser.

ADDRESS OF WARNING

In Regard to the Outbreak of Smallpox at Terra Cotta.

North Carolina, Guilford county.

Whereas, it has come to the knowledge of the authorities of Guilford county that there is an epidemic of smallpox at Terra Cotta Works in said county, and whereas, it is made the duty of said authorities to warn all citizens of the county and persons generally of the said epidemic and to urge upon all persons the importance of immediate vaccination in order that a scourge of that disease may be averted,

Trained Show Dogs.

"Considering the investment, trained dogs are one of the most profitable attractions in the vaudeville line," said an old time showman, here with one of the current theatrical companies. "I suppose there are at least 12 or 15 troupes of them scattered over the country," he continued, "and the good ones easily average a couple of hundred a week and expenses. As there are no salaries to pay for the dogs and no hotel bills for anybody except the proprietor and one keeper the returns are rather handsome. Nowadays they have the business down to such a fine point that the sudden death of any of the animals can be readily remedied by telegraphing to New York, where several men make a specialty of keeping standard trick dogs in stock.

"A dog troupe usually consists of five performers, one of which is a star. The star probably costs $150 and the others about $50 apiece. Mongrels of no intrinsic worth are generally selected for training purposes, because they learn as quickly as the thoroughbreds and if anything happens to them the loss is so much lighter. There is a standard series of tricks which they are taught to do, so that one can easily replace another, and a little ingenuity on the part of the showman supplies the variety to the programme."—New Orleans Times-Democrat.

Ancient Chains.

In an interesting article on the subject of chains an English writer points to the fact that notwithstanding the frequent mention of chain in the Bible the article is comparatively new. The same author says:

"Some authorities give the Britons credit for originating the cable chain because Julius Cæsar is recorded as having been unable to cut the cables of the Gaul's vessels, 'as they were made of iron.' This may have been a chain in the present acceptation of the term, but it is doubtful, because the first patent for chainmaking was obtained in England in 1634 by a blacksmith named Philip White. The patent was for 14 years, and in consideration of it White had to pay £5 in lawful money yearly 'at the Exchequer, Westminster, att the Feast of the Blessed Virgyn and Saint Michell the Archangell by even and equal process.'

"His patent is described as follows: 'A way for the wearing of shipps with iron chaynes by finding out the true heating (pre)pareing and tempering of Lyron for that (pur)pose and that he hath nowe attayned to the true vse of the said chaynes and that the same wilbe for the great saveing of cordage and safety of shippers and will redound to good of our Comon Wealth.'"

SPECIALTIES FOR TODAY

"Charms Strike the Sight but Merit Wins the Soul."

This Accounts for the Success Our Pianos are Winning in Greensboro—Pianos Cheap but not Cheap Pianos.

VALUES THAT DRAW TRADE IN DULL TIMES.

Never before in the history of piano selling in Greensboro has there been as many high grade pianos sold by one man as have been at our special sale at 217 South Elm street in the past week. Never before have the piano buyers been offered such pianos at prices we are furnishing them at. Simply giving the individual purchaser the same price charged agents and dealers, and on easy terms of payment which is a saving of at least $150 to $200.

We have placed in the best homes in the city nearly two car loads, each and every purchaser being delighted with the choice made.

We can assure our friends and customers if we cannot show them as fine pianos at 217 South Elm street as was ever shown in this city we will not ask you to buy them. Not only that, but at prices never heard of before here. "Charms strike the sight, but merit wins the soul." That accounts for the success of our Factory Sale.

We firmly believe that the time will never come again when the general public will be offered such an opportunity as we are now offering.

We will offer some specials for today—values that draw trade in dull times:

$450 to $500 pianos, very large size, in light and dark mahogany, Circassian walnut, double veneer on hard wood, hand carved panels, for $289

$425 to $450 pianos, same as above, but medium size, $240 to $258.

$375 pianos for $226.

They are here for a short time only for those who want them. The time is drawing near when we shall close this special sale. Delays are dangerous if you care to take advantage of the circumstances.

BRIEF LOCAL MATTERS.

Read Kaufmann's ad for Christmas novelties.

Work is expected to begin on the new jail next week.

Have you seen the fine lamps and toilet sets, at E. M. Caldcleugh & Bro.

Mrs. Francis B. Kemp, of Madison, is spending a few days in the city with relatives.

City Clerk John S. Michaux is confined to his home with sickness, we regret to state.

Mrs. J. A. Guthrie is quite sick with measles at her home, corner Mendenhall and Carr streets.

N. J. McDuffie is overstocked in rocking chairs and is selling them at greatly reduced prices. See penny ad.

J. C. Larkin, a popular travelling man, whose home is in Carthage, is taking a vacation and spending a part of it with friends in this city.

B. S. Phillips, an ere and erstwhile attache of the Telegram's mechanical department, left last night to accept a position with the Charlotte Observer job department.

Messrs. A. M. Scales and Mayor Z. V. Taylor went to the country this afternoon to shoot birds. We have been too busy to go to dinner today and are willing to eat all they kill.

There was a swell wedding among the colored people yesterday in this city. One of the participants sent us a write-up of the occasion for publication, but the printers couldn't read enough of it to get an intelligent report, so it goes over.

Walter H. Guthrie, who died the other day on his way home from the Philippines, was a member of the 12th Regiment and a brother of Maj. W. A. Guthrie, of Durham and first cousin of our townsman J. B. Guthrie. He had been in Europe for twenty years or more.

Dr. W. S. Rainford, rector of St. George's, New York, will preach at St. Andrew's tomorrow night at 7:30. Many of our people heard Dr. Rainsford at the First Presbyterian church one night last winter, and will be glad of an opportunity to hear him again.

The funeral service of the late D. S. Peck was held at the residence yesterday morning by Rev. J. D. Miller, rector of St. Andrew's, of which church he was a member. There were beautiful floral offerings and appropriate music was sung by a quartette from the choir of St. Andrew's. The interment was made in Green Hill cemetery.

We Don't Mind, But—

There are things cheeky and there are cheeky things. Newspaper men have very good opportunities, sometimes to learn some of them. Now, when a good, christian woman goes to work and writes a lot of locals advertising a church entertainment and brings them to the office asks us to publish we are always glad to grant the request. We say we don't mind this, but—

When a fresh looking fellow pokes his head in the door, throws a flaming handbill on the table advertising some wonder-worker, spiritualist or instantaneous, stem-winding sanctificationist, that has been printed and presumably paid for in some other shop, that is cheeky—compound triple extract of gall

We don't mind toting, but w want a fair tote.

At the Academy December 18.

Apart from the novelty of the entertainment, the playing of "The Fadettes" was remarkable and showed great industry and enterprise. The bowing was very even, while the interpretation showed much nerve and spirit. Mrs. Caroline B. Nichols displayed much ability as conductor and Miss Webb aroused considerable interest by her playing of Wieniawski's difficult violin solo, "The Souvenir de Mosco."—Baltimore Sun.

The Fadettes Women's Orcestra will be next attraction at the Academy of Music. They hold the boards for Monday night, December 18th.

Handsomest in the State.

Greensboro is said to contain the handsomest furniture store in the state. Everybody who sees McDuffie's large, new store is struck with its beauty.

Travelling men say it is by all odds the prettiest furniture store in North Carolina.

We are glad to know that Mr. McDuffie is doing a business in keeping with his building.

The Wonder

Of genius—$5.00 gets it for the little ones Xmas. Nothing will be of more interest. You too will be highly pleased to hear it talk, sing and play. Never grows. Hear it. 112 E. Market street. 2t

Marriage at Reidsville.

Invitations have been received here to the marriage of Mr. Will C. Harris to Miss Jennie Montgomery, in the Presbyterian church at Reidsville, on the 21st inst. Both the young people are well known in Greensboro.

His Parents Opposed the Match.

A young man of Guilford county, who has been engaged to a Winston girl for some time, wrote her last week that their engagement, he regretted to say, must be declared "off." He gave as a reason for this change of mind that his father and mother were very much opposed to the match, as he had always been a very obedience child, he could not afford to marry against their wishes. While the letter was a genuine surprise to the girl she answered it and told the fellow, "I didn't want you nohow."—Winston Sentinel.

With the announcement of our December clothing slaughter, comes the rush of business we anticipated. The public keenly appreciate the immense values we are now offering. We have five hundred suits in fancy patterns that will be closed out at prices ranging from first cost to 20 per cent. below cost. Fishblate-Katz Co.

The Burning Question

Of to-day is: Where will my dollars do double duty? And not: Where is Aguinaldo, the insurgent leader, or how about the war between the English and Dutch?
